- TAMIL NEW YEAR FESTIVITIES**

- CURRICULUM ORIENTATION**

- CHITHIRAI FESTIVAL**

### First Day at School

Our little stars on their first day of school! Bright smiles, curious eyes, and a few shy giggles marked a beautiful beginning. We welcomed them with traditional yellow rice blessing. Our classrooms came alive with laughter, stories, and new friendships. The children quickly settled into their routines, exploring their colourful classrooms and meeting their loving teachers. It was a wonderful start!

### Rama Navami Celebration

To honour the birth of Lord Rama, our tiny tots participated in the Rama Navami celebrations with joy and devotion. They listened to simple stories from the Ramayana and sang bhajans, immersing themselves in the festive spirit.

### Tamil New Year Festivities

The spirit of Puthandu (Tamil New Year) filled our classrooms with cultural pride! Children came dressed in traditional attire and enjoyed fun activities like greeting each other in Tamil, tasting sweet treats, and learning about the customs of this special day.

### Curriculum Orientation

We conducted a Curriculum Orientation session for parents to help them understand our teaching approach and goals for the year. Our educators explained how we nurture learning through play, creativity, and structured activities. We sincerely thank all the parents for their enthusiastic participation and support!

### Chithirai Festival Fun

The vibrant Chithirai Festival was celebrated with colourful decorations and traditional games. Children learned about the significance of the festival in Tamil Nadu and took part in the stage presentation "Azhagar Visit." It was a wonderful opportunity to blend learning with culture and fun.

We look forward to many more joyful days ahead!
